COUNTY JAIL READY

NEW WEBSTER STREET BASTILE IS HANDSOME STRUCTURE

Hidden Bars, Ornate and Stately Entrance, Give Gray Stone Building Every Appearance Than That of Prison

BY ANGELE CLAR SHAW.

(Staff Writer for the Redwood City Star.)

Going to jail has never really appealed very strongly to me, but after a visit to the newly completed county jail in this city, where the comfort of the prisoners, the question of light, ventilation and sanitation has been so thoroughly studied and applied, the sentence of "put her in jail" does not sound so dreadful.

The opportunity arose a few days ago whereby I was able to go through the new jail, and under the guidance of Jailer Hogan was enlightened on all the subjects which heretofore had been foreign to me.

PEER OF JAILS.

There is not a jail in the state of California more modernly equipped or more thoroughly looked into than the one erected here after plans drawn by Architect W. H. Toepke and under the supervision of Donald MacKenzie. The building is a two and one-half story structure of reinforced concrete with a capacity for housing about fifty prisoners.

The main floor is given over to the offices, jailer's quarters and "reception" rooms. The walls of this floor are finished in a gray-green plaster, the floors are of concrete and in each department there are telephone connections with all wards and corridors where prisoners are confined.

SHOWER BATH.

Upon arrival at the jail the prisoner will be taken into a room in the basement where he will be given a shower bath. His clothes will be placed in a fumigator and he will be given a clean suit of clothes. After this he will be taken to the ward to which he has been assigned. If it is a case of "drunk" or vagrancy he will be placed in a cell in the basement. If it is a felony case the prisoner will be taken to the third floor, where the cells for such inmates have been located.

The old way, which required the jailer to go into each cell to release one prisoner, has been done away with by a system of locks so arranged on the outside of the cells, in a corridor which runs all around them, that any particular one may be opened.

WOMEN'S WARD.

The women's ward is on the second floor in the front of the building. The cells in this ward are not arranged as those in the ward where male prisoners are confined. The women's cells are two rooms with the customary bunks, which in the daytime can be folded against the wall in order that the inmate can have more room to exercise.

The two places that caught my eye particularly were the "visitors' closet" and the insane ward. When "company" calls on a prisoner he or she will be led into a room about the size of an ordinary closet and locked in. Next to this "room" is one that is separated from it by iron bars and a double "wall" of heavy wire. The visitor is locked in this apartment. The reason for the bars and wire is to prevent the possibility of anything being passed to the prisoner from the outside that in any way might enable the culprit to effect his escape. On the outside of the doors of these two rooms are "peepholes" covered by a

(Continued on Page 5.)

STOP MAIL TO GERMANY ORDER RECEIVED BY POSTMASTER HERE

The following order has been received by Postmaster McSweeney from the office of Postmaster-General A. S. Burleson at Washington, D. C.: "Order 211.

"Ordered that during the continuance of hostilities between the United States and Germany, no letters, packages, or other mail matter destined for Germany or addressed to any postoffice, port or other place within the jurisdiction of Germany, shall be dispatched from the United States. Postmasters will cause due notice to be taken at their offices and are instructed to refuse to accept for mailing any mail matter destined for delivery in Germany.

"Money orders will not be issued on postoffices in the German empire. "A. S. Burleson, Postmaster-General."

MARBLE WORKERS' STRIKE SETTLED

President P. H. McCarthy of the State Building Trades Council succeeded yesterday in settling the strike at the American Marble and Mosaic Company's plant here, which has been in existence since Saturday.

On April 1st the polishers and bedrubbers gave notice that beginning with April 7th they wanted 50 cents a day more pay. The management met the unionists and it was agreed to grant the increase on October 1st, and that the men were to work on present contracts at existing wages.

Later the men learned that the company had a number of contracts on hand, and they decided that they were entitled to 25 cents a day more pay until October, when they were to receive the full increase.

The company refused to grant the 25 cents increase, and a strike of about thirty men followed.

The matter was adjusted yesterday when the men carried their point. The polishers, who received \$3.50, will receive \$3.75 and then \$4, while the bedrubbers will earn \$4.25 and then \$4.50 in place of \$4.

WILLIAM STINCHCOMB'S SON WEDS IN ALEXANDRIA, OHIO

Judd Stinchcomb, son of William Stinchcomb of the Pacific Coast Steel Company's plant here, recently wedded in Alexandria, Ohio. The bride was Miss Fern Taylor of that city.

Ohio papers feature the wedding, as the bridegroom is the first lieutenant of the machine gun company of Athens, Ohio. He is also the instructor of the manual training schools of that city. The young man is a fraternity favorite with a host of friends.

EDITORIAL

Plant Potatoes and Other Vegetables

The government has made urgent request that every available acre of land be at once devoted to the raising of food products. State authorities are now actively canvassing idle land and urging immediate cultivation of same. Many large land holders have already come to the front with large areas and liberal aid to assist in their cultivation, but the call is so urgent and the need so manifest that lot owners are also requested to devote every inch of their holdings to raising potatoes and other vegetables. The South San Francisco Land and Improvement Company has already consented to the use of all its vacant property, including town lots, for this purpose. There are many unused lots in private ownership which the owners should at once on most liberal terms permit truck gardeners to cultivate. The Chamber of Commerce of South San Francisco should take hold of this matter at once.

Visit of Chicago's Executives

The presence here during the last ten days of H. A. Chetham, one of the head executives of Swift & Co., together with General Traffic Manager A. R. Fay of the same company, has aroused locally much speculation. The purport of their visit has not as yet been disclosed, but the fact that frequent investigations of the South San Francisco water front were made by these gentlemen lends color to the rumor that some character of permanent deep-water harbor improvements for South San Francisco is on the cards.

Mr. Chetham was very complimentary in his comments on the progress and appearance of South San Francisco, and gave every assurance that South San Francisco's efforts for industrial growth would receive the strong support of the Chicago interests.

ANOTHER AUTO WRECK AT "DEATH CURVE"

Another automobile accident has occurred at "Death Curve."

The car of I. Van Curren of 442 Fourth avenue, San Francisco, was badly wrecked after leaving the road and going through fifty feet of fence at 1:30 o'clock this morning.

The car was traveling north, and the driver was unable to see the turn in the road.

Fortunately, he was traveling at a slow rate of speed.

Spring Valley Water Company officials are investigating the complaint of the Chamber of Commerce, which has placed itself on record as demanding the removal of the overhead flume which obstructs the view of autoists, thereby causing accidents.

SPECIAL TRAFFIC OFFICERS TO BE PLACED ON DUTY HERE

Acting upon a communication received by the Chamber of Commerce asking that motor officers be placed on duty Sunday to avoid accidents, the board of city trustees last Monday night authorized the city marshal to employ one or more deputies at \$3 a day. A motorcycle will be bought by the city.

HIGH SCHOOL TRACT GRADING CONTRACT

Bids were received for the grading of the High School Park subdivision, and, though the bidding was spirited, A. P. Scott, home contractor, submitted the best figure and obtained the work.

The contract price is in the four figures. Actual work will start next week. The grading covers Spruce avenue, Park way, Pine terrace, Walnut avenue, Maple avenue and Lux avenue, and follows the hillside contours.

A map of the tract has been filed with the board of supervisors at Redwood City and the matter will be taken up at the next meeting.

GUARD WATER SUPPLY.

The local water supply will be guarded under the city marshal. This is in line with a policy adopted by other Peninsula cities.

INSTALL "GAS" TANK.

J. Pena of 118 San Bruno road is installing a gasoline tank underground between the curb and sidewalk of that place. Pena was granted permission to do so by the city board of trustees.

SOMETHING FOR MERCHANT TO READ

Statistics show that \$6 per capita is spent yearly in the United States for publicity. The New York Municipal Research Bureau's test of 10,000 women shows that 86.7 per cent of those who replied, buy advertised goods in preference to other goods of equal prices and quality. Sixty per cent buy advertised goods in preference to non-advertised goods, although slightly lower in price. Unknown brands of goods were sent to housekeepers on orders and almost unanimously they were returned with a request for a known brand. So the local merchant should make it known that he carries known brands. There is only one way to do it and that is to advertise.

THIS BUTTERFLY.

Exquisite in its simplicity is this evening gown of black velvet draped with a spangled net. Callot is securing butterflies to her frocks as her hallmark, so this gown has a rhinestone butterfly on the corsage. The sunburst of rhinestones graces the train.

Hedges Need Pruning.

Prepared by the U. S. department of agriculture.

HEDGES need to be closely pruned. This is probably best done twice a year—in the winter or spring and again after flowering time, pruning severely for outline and compactness.

Most so called rose hedges are rows of cut flower roses, usually pruned for mass of bloom, with little of the appearance of a hedge except at the height of bloom.

Where only a few weeks' appearance of barriers is all that is needed hybrid perpetual and hybrid tea roses may be used as well as other species for this purpose.

The hedge should be planted in a trench three feet wide and two feet deep, filled with soil prepared as for a bed of cut flower roses.

The use of low growing or trailing roses as covers for certain plots of ground about homes or in parks often adds greatly to the attractiveness of such places. *Rosa lucida* can be used to advantage for covering poor banks with foliage to a depth of two to three feet. *Rosa nitida* may be used in the same way for a lower cover. This variety grows to a height of only eighteen inches. The wichuriana, already mentioned as a climbing rose, is a trailing rose when given an opportunity and makes a beautiful almost evergreen ground cover with small, glossy dark green leaves.

It is very useful for banks, the sides of steps or for hanging over rock cliffs or retaining walls. When permitted to trail it mats closely and roots at every joint. Some training, but little pruning, is needed when it is used in this way.

A tree rose is a bush rose grafted three or more feet above the ground on a long, straight stalk of a brier, rugosa, or other strong stemmed rose. These bushes are not very satisfactory in the United States, because the stocks now available do not seem able to stand the hot sun and hot drying winds of the climate of most of this country. In western Oregon and western Washington they succeed. Their appropriate use is only in connection with a formal design, either in special gardens or near buildings.

Honey Has a New Easter Hat Too

Photo by American Press Association.

WHITE silk socks, colonial pumps of white deerskin and a delectable frock of white organdie adorned with touches of val lace, pin tucks and hand embroidery make a modish spring outfit for small persons. Heavily starched white pique, with a scalloped helmet brim and a band that matches the pink sash, affords the enviable bonnet.

Dresses in one piece, bodice and skirt, have an accompanying jacket.

Corded materials of various sorts on the velveteen and whipcord order are

among the smartest for sport suits. Many of them show a white ground printed in color with wreaths, rings or blocks.

Cream net blouses are liberally trimmed with gilt lace and gilt threads run into white lace. Sometimes, too, there is a tiny cord of gilt around the neck that ties loosely at the front.

A string of wooden beads worn as a girdle is the latest. The slender belt is tied loosely about the waist line, and the ends are weighted with thick silk tassels. ANNA MAY.

The Home Is the Bulwark of the Nation

DESTROY the home, and what have you left?

A town is made up of HOMES. The SUCCESS OF A TOWN depends largely on the success of ITS MERCHANTS.

The success of the MERCHANTS depends on the patronage of the INDIVIDUAL. Trade in your home town.

THERE'S CHARACTER AND QUALITY IN THE CALLING CARDS WE PRODUCE AND THE PRICES ARE RIGHT

LICK YOUR PLATE CLEAN IS ADVICE OF MRS. HOOVER

Sequoia Theatre at Redwood City was filled Tuesday morning with children from the high and elementary schools and many of their friends to hear Mrs. Herbert C. Hoover, who has recently returned from Europe. Mrs. Hoover's talk would have been equally acceptable in Berlin, London or Washington. It was intensely practical as well as interesting, and she adapted herself easily to the understanding of her youthful hearers.

Mrs. Hoover advocated the planting of beans, peas and potatoes by the children in preference to the vegetables of less nutritive value. She also recommended the use of brown bread rather than white bread, as 15 per cent of the wheat used in brown bread was saved and the nutritive value greatly increased. She also urged greater economy in the use of food and suggested that the children should not leave any on their plate for "Mr. Manners," as any surplus is needed for the suffering children of

Daddy's Bedtime Story—

DUMMLING CUT DOWN A TREE

There She Stuck!

[Adapted from Grimm's Fairy Tales.]

DADDY asked if anybody wanted a bedtime story, and two children clapped and clapped. So he started one with: "Two boys who thought themselves clever enough to chop wood only chopped their own feet. So when their stupid brother set out to chop wood everybody thought he was silly.

"On his way a little old man met him and asked him for a bite to eat and a drink from his bottle. 'I am very hungry and thirsty,' said he.

"And Dummling answered: 'My mother gave me only dry bread and sour beer. But if it suits you to sit down with me we will eat it together.'

"So Dummling and the little old man sat down by the wayside, and when Dummling pulled out his dry bread it had turned to nice cake, and when they tasted the beer it had become delightful wine.

"So they ate and drank heartily, and when they had finished the little old man said: 'You have a kind heart and have been willing to share your food with me. So I will heap a blessing upon you. There stands an old tree. Cut it down and you will find something worth while at its roots.'

"Then like a flash he took his leave.

"Dummling set to work like any boy much cleverer than he was always thought to be. He chopped and he hewed, first one side of the tree and then the other. At last the tree wobbled, then it swayed, and then it crashed down among the shrubbery. Dummling, the stupid, had actually done what his two clever brothers had failed to do. He had cut down a tree. And there in the hollow at the roots of the tree Dummling found a goose with feathers of gold.

"So Dummling took up the goose and put it under his arm. He went to a little inn by the roadside where he hoped to rest a night before he went home, for he was quite tired, chopping so hard and long.

"Now, the landlord had three daughters. Of course they heard about the chap who had a wonderful bird and were very eager to see what the fowl might be. When they saw it they were still more eager to pull a feather out of the goose's wing.

"At last the oldest daughter cried, 'I must and will have one of those feathers!' So she waited till Dummling had gone to sleep, and then she seized the goose by one wing. But, to her great surprise, there she stuck. Neither her fingers nor her whole hand could she pull away from the goose. It was a wonderful bird indeed!" cried daddy.

Then Jack and Evelyn hugged him good night and ran a race to bed.

FIRE!—FIRE!

It comes without warning and cleans you out in a hurry, leaving you flat unless you are protected by insurance.

If you are not carrying insurance on your property the wisest thing you can do is to come right in and let us write you a policy in one of the most reasonable and prompt paying companies in the world.

We insure anything from a house to a haystack, and a minimum sum will amply protect you from any loss by fire.

Without insurance the savings of a lifetime of toil may be wiped out while you look on in utter helplessness. If insured your digestion will not suffer from the worry of having to begin life all over again.

After the address one of the men present remarked enthusiastically that Mrs. Hoover is the able wife of a great man and that his success in life could partly be accounted for by his choice of a helpmate.

Miss Gertrude Beeger sang "The Star-spangled Banner." Supervising

Principal Mantz introduced the speaker and Professor Otis Carrington led the audience in singing "America."

E. J. Arkush kindly furnished the theatre for the cost of the lights and fuel, which the grammar school trustees, through the initiative of Henry Steinberger, paid.

ORDINANCE NO. 93.

An Ordinance of the Board of Trustees of the City of South San Francisco Regulating Public Pool and Billiard Rooms in the City of South San Francisco and Imposing a License Tax Upon the Business of Conducting the Same.

The Board of Trustees of the City of South San Francisco do ordain as follows:

Section 1. It is hereby declared to be unlawful for any person, firm or corporation to establish, keep, open or maintain within the City of South San Francisco any public pool or billiard room or public place for the playing of pool or billiards without having first procured the permission and license by this ordinance required.

Section 2. Any applicant for permission to conduct a public pool or billiard room within the City of South San Francisco shall make a written application to the Board of Trustees of the City of South San Francisco therefor. Upon receiving such application said Board of Trustees shall investigate whether the person making such application is a sober and suitable person to carry on and conduct the business for which permission is requested, and whether the place described in said application is a proper or suitable place for such business. If it appears that the person or persons are not suitable or proper persons to be permitted to carry on such business, or that the place in which it is proposed to conduct such business is not a suitable place therefor, said application shall be denied. Said Board may, by resolution, grant such application.

Section 3. Every person, firm or corporation to whom is granted a permit for conducting any pool or billiard room under the provisions of this ordinance shall pay to the City of South San Francisco an annual license tax of Twelve Dollars (\$12.00), payable quarterly in advance on the first days of July, October, January and April of each year.

Section 4. After said Board of Trustees have granted the permit provided for in this ordinance, the City Clerk shall issue a license for the quarter year for which payment of the license tax is made. No license shall be issued for a period less than three months.

Section 5. No permit or license shall be assigned to any person by any person, firm or corporation to whom the same has been granted.

Section 6. No person under the age of eighteen (18) years shall be permitted to enter or remain in any public place kept for the purposes of playing pool or billiards.

Section 7. It shall be unlawful for any person, firm or corporation conducting any public pool or billiard room in the City of South San Francisco to permit the same to remain open between the hour of twelve o'clock midnight of any day and the hour of 5:45 o'clock a. m. next following.

Section 8. The Board of Trustees may revoke the license issued to any person, firm or corporation who or which shall fail to conduct such public pool or billiard room in a quiet and orderly manner, or shall violate any of the terms of this ordinance or any other ordinance or law now in force, or which may hereafter be enacted, concerning the conduct of such place.

Section 9. There is excepted from the operation and effect of this ordinance all places of business where malt or fermented liquors or wines are sold under a permit and Class "A" license issued for that purpose.

Section 10. Any person or persons who shall violate any provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding One Hundred Dollars (\$100.00), or by imprisonment for a period not exceeding one month, or by both such fine and imprisonment.

Section 11. This ordinance shall be published once in "The Enterprise," a weekly newspaper printed and published in the City of South San Francisco, and shall take effect and be in force from and after the expiration of thirty (30) days after the date of its passage.

Introduced this 2nd day of April, 1917.

Passed and adopted as an ordinance of the City of South San Francisco at a regular meeting of the Board of Trustees of the City of South San Francisco this 16th day of April, 1917, by the following vote:

Ayes, Trustees F. A. Cunningham, M. F. Healy, Geo. H. Wallace and J. H. Kelley.

Noes, Trustees none.

Absent, Trustees G. W. Holston.

Approved: J. H. KELLEY,

President of the Board of Trustees of the City of South San Francisco.

Attest: WILLIAM J. SMITH,

City Clerk.

TAXES

1916-1917

Office of City Tax Collector
City of South San Francisco

South San Francisco, Cal., April 19, 1917.

Notice is hereby given that the

Second Installment

of taxes for the year 1916-1917 is now due and payable in my office at the City Hall, South San Francisco, daily, Sundays and legal holidays excepted, up to and including Monday, April 30, 1917, at 6 o'clock p. m., when 5 per cent will be added to all taxes remaining unpaid.

Address all communications direct to the deputy tax collector at South San Francisco, with reference to your taxes. U. S. postal money orders or checks on banks in the county of San Mateo will be accepted without exchange. Checks drawn on banks outside of San Mateo county must include exchange of ten cents on each one hundred dollars.

Cleo Ridgley and Wallace Reid in "The Yellow Pawn" at the Royal

Cleo Ridgley and Wallace Reid, the splendid young Lasky stars who have appeared together so frequently with such great success, will be seen at the Royal Theatre on Thursday, April 26th, in the Jesse L. Lasky production of "The Yellow Pawn," an unusual society drama from a story by Frederic Arnold Kummer, prepared for the screen by Margaret Turnbull. Miss Ridgley and Mr. Reid first stepped into prominence by their splendid performance in the Lasky production of "The Golden Chance." Since that time they have appeared together with the same degree of success in a number of other productions—among them being "The Selfish Woman" and "The House With the Golden Windows." Miss Ridgley, known for her beauty and vivacity, as well as her splendid dramatic ability, has won for herself a place among the leading photo-dramatic actresses in the country, while Mr. Reid has the distinction of being one of the most popular, widely known and able of the younger generation of stage and screen favorites. "The Yellow Pawn" has to do with the artist life in the fashionable Bohemian set in New York City, and deals with the love affair between the wife of a district attorney and a famous painter. How the artist's Chinese servant brings about a terrible situation and later rectifies it, makes a theme of absolutely unusual intensity. In the cast supporting the two stars are such distinguished players as Tom Forman, William Conklin, C. H. Geldert, George Webb, Olive Golden and others.

A Much-Needed Public Improvement

The mud hole near the depot is being filled in by the land company. This mud hole, caused by grading up streets, has been the one sorry blemish on our otherwise beautifully complexed city. The San Francisco Daily News not long ago printed a very pointed and sarcastic editorial about "this mud hole as an advertising suggestion of a damaging character to the hustling suburb of South San Francisco."

The Enterprise can now simply express the gratification of the public in this evidence of the land company's desire to keep pace with the people's efforts to develop a city beautiful. Let the good work continue by having the street marked Division, adjacent to this mud hole, vacated by the city, as it has a blind terminus and is of no particular value—certainly not of sufficient value to justify the city in going to the expense of filling and paving. If vacated it would revert to the land company, and would place this whole property next to the switching rails of the S. P. R. R., making these lots very desirable for small industries.

WHIST PARTY AT PARISH.

The Ladies' Sodality of All Souls' Church will give a whist party in the parish hall on Miller avenue on Thursday evening, April 26, 1917. The purpose of the party is the opening of the new hall. Dancing, refreshments and valuable prizes.

MAY FOOD SALE.

The members of the committee appointed for the May food sale follow: Mrs. Emma Savage, Mrs. F. S. Dolley, Mrs. Blanche Sullivan.

LADIES' AID NOTES.

The March social of the Ladies' Aid was held at the home of Mrs. F. S. Dolley and was a most delightful affair. The main topic of the afternoon was the coming bazaar, which the ladies are planning and working for with great enthusiasm.

Mrs. W. H. Coffinberry extended an invitation to the aid to hold its next social meeting at her residence on Miller avenue.

The date of the social is Wednesday, April 25th. All friends are very cordially invited.

INVENTS ELECTRIC FURNACE.

Chief Electrician Freeman of the Enterprise Foundry has invented an electric furnace which melts steel that has set the electrical world agog. A corps of engineers from the Pacific Gas and Electric Company came here this week to see the new invention. They were amazed at the work. Freeman can melt steel in a short space of time which in the present method sometimes takes months to accomplish. He is to be congratulated upon this most wonderful achievement.

LOS CERRITOS WORK.

The complete street work in the Los Cerritos addition to South San Francisco is nearing completion. The tract looms up splendidly from a landscape standpoint. The grading, paving and installing problems were solved in an able manner under the direction of Engineer Kneese.

E. K. THOMPSON VISITS HERE.

E. K. Thompson, district agent of the Missouri State Life Insurance Company of St. Louis, Mo., visited here Thursday. He has an office in the Pacific building, San Francisco.

MICHAEL BURKE DEAD.

Died in South San Francisco, April 17, 1917, Michael Burke, dearly beloved son of Ellen and the late Michael Burke, and loving brother of George Burke, Mrs. Alice Condrin, Mrs. Maggie Miller and Mrs. Annie Flick, a native of Colma, Cal., aged 29 years 9 months and 1 day.

MOTOR TO SACRAMENTO.

Mr. and Mrs. Roy Fickett and Mr. and Mrs. H. E. Coyle and daughter motored to Sacramento on Saturday, returning Sunday.

POUNDMASTER FILES BOND.

The bond of Poundmaster J. Welch, appointed April 2d, was presented and approved by the city fathers at the regular meeting Monday.

COUNTY PLUMBERS MAY STRIKE FOR MORE PAY

Union labor circles of San Mateo county are stirred by anticipated strikes for early dates. May 1st the plumbers demand an increase of 50 cents per day or all work will be dropped. The present wage for this class of workmen is \$6 per day; \$6.50 is demanded. The anticipated strike will delay a big job just being started at Stanford University at Palo Alto, part of which is being handled by J. A. Bean of Lomita Park.

A meeting of the teamsters' union was scheduled for Wednesday evening in San Mateo to discuss general conditions and the possibility of securing higher wages for its members. The meeting was postponed, however, and no definite date set for the next discussion.

NIGHT WATCHMAN FALLS OFF DUMBARTON BRIDGE; DROWNS

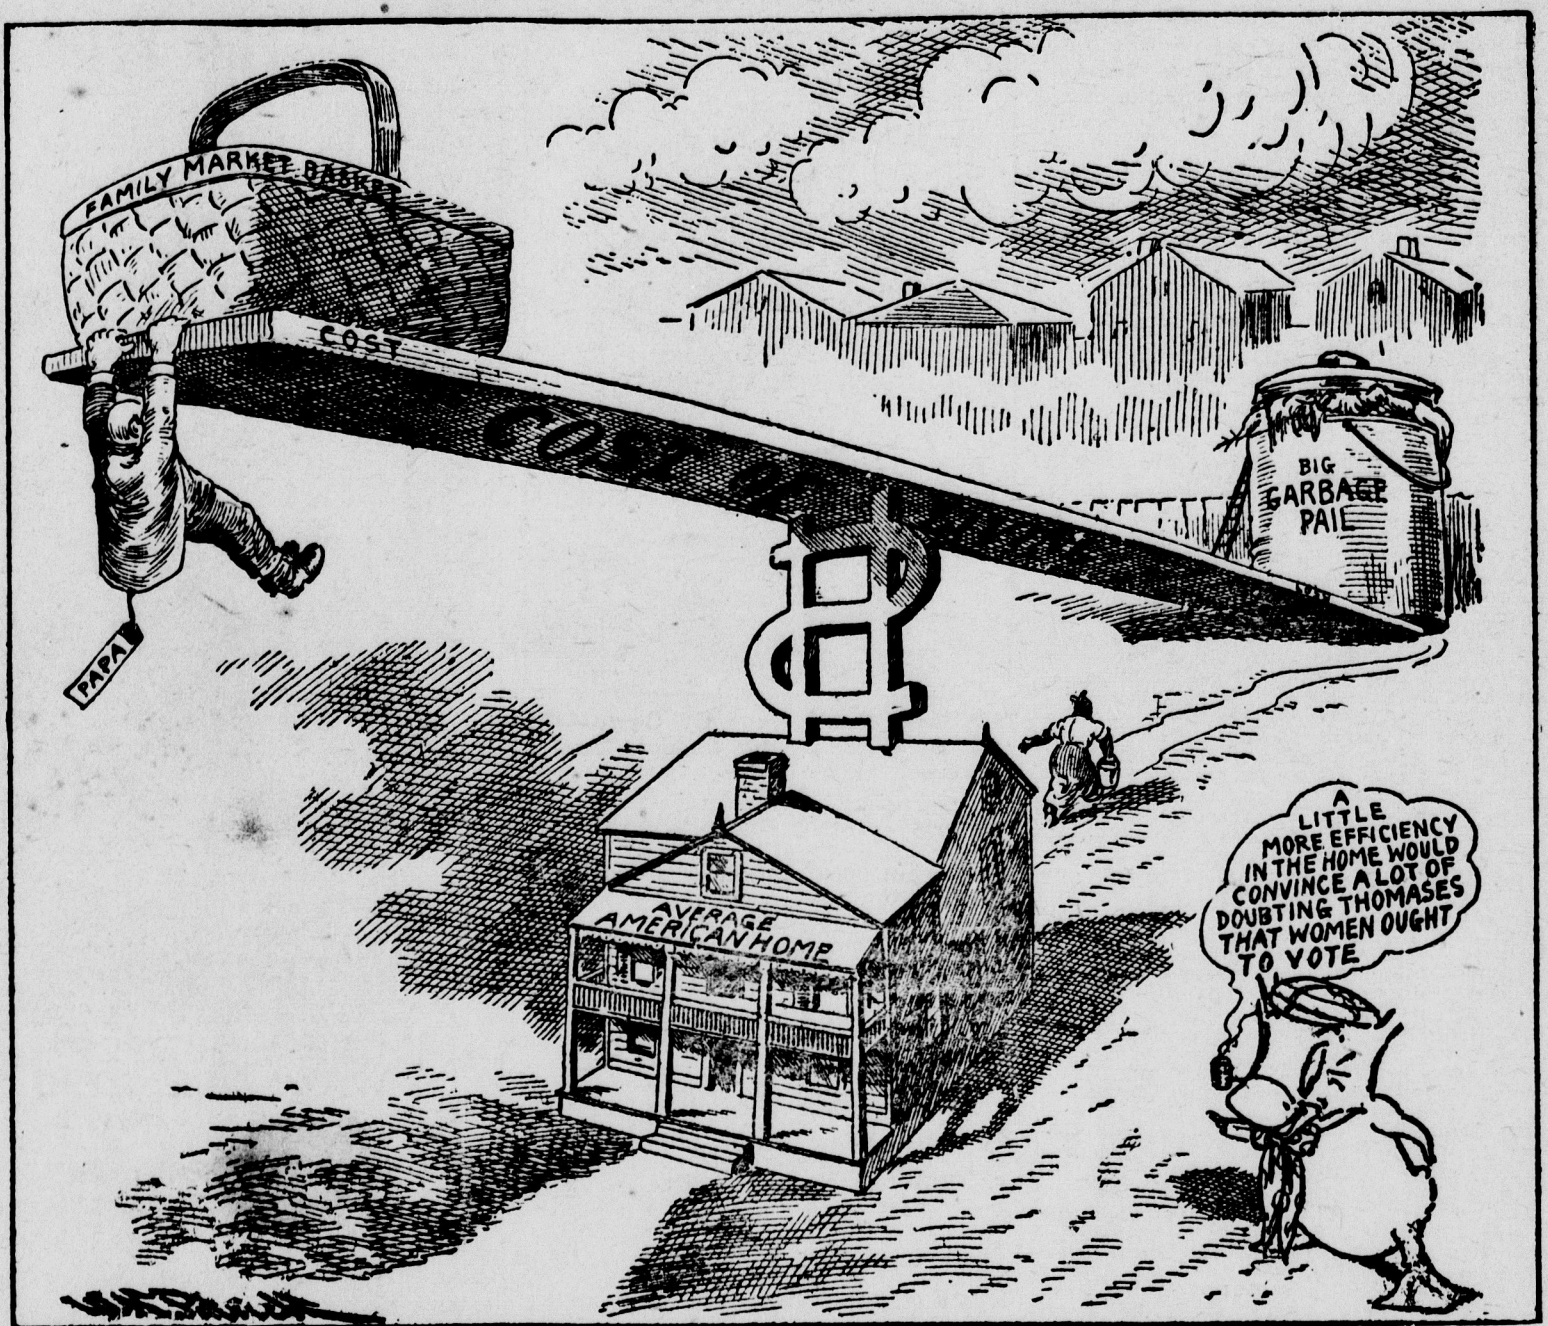

John Petter, night watchman for the Spring Valley Water Company, fell from Dumbarton bridge Monday evening and was drowned. The accident occurred at 8:55 p. m. Monday. The night was dark and Petter, familiar with his surroundings, walked too close to the edge and fell from the bridge. The body was taken to the deceased's home in Niles for burial.

COUNTY DISCONTINUES JAIL AT SAN BRUNO; RENT SAVED

The county supervisors have reversed their former decision anent the claim for rent of San Bruno jail, and allowed the claim for \$30 back rent. By resolution it was decided to discontinue paying rent for a jail in San Bruno, and the payment ordered at this meeting will be the last allowed for this purpose.

The question of Lomita Park sidewalk work came up for discussion, and Supervisor Hickey reported delay in starting due to irregularities in the proceedings reported by Attorney Kirkbride. The question was continued over for a special meeting on Wednesday to thoroughly thresh the matter out.

ONE REASON HE'S UP IN THE AIR.

—Patrick in New Orleans Times-Picayune.

Beef Barons Ready to Aid U.S.

The billion-dollar Chicago beef packing industry has been tendered to the United States government to be operated for the benefit of the government and the people of the United States during the war.

The tender was made by J. Ogden Armour of the Armour Packing Company, Louis F. Swift of Swift & Co., Edward A. Cudahy of the Cudahy Packing Company, Thomas E. Wilson of the Wilson Packing Company and Edward Morris of the Nelson Morris Packing Company, all of Chicago.

Later on the packing houses and interests of Kansas City and Omaha, Neb., may be brought into the agreement, it is said.

In addition to offering their plants during the war, the beef barons agreed with Secretary of Agriculture Houston that his proposal to confer on the National Council of Defense the power to fix maximum and minimum prices of meat stuffs during the war was a fair one and deserved support.

In accordance with this they agreed to subscribe to any program that the council might make to bring about this result.

FOR FEDERAL CONTROL.

The beef magnates also agreed with Secretary Houston for a federal licensing of food control agencies.

The "middlemen" who are charged with the holding up of the prices of food would in this manner come under control of the government.

The conference of the packers with the Secretary of Agriculture was arranged by Julius Rosenwald of Chicago, who is a member of the advisory commission of the Council of National Defense.

In addition to their plants the proprietors of the great meat industry offered their experts and statisticians to the government. The plan of the government to intensify the production of meat cattle was agreed to. The cultivation of foreign crops and the betterment of transportation facilities will be gone into by the experts in conjunction with those of the Department of Agriculture.

WASTE TO BE CURTAILED.

The meat men will also endeavor to work out a plan of meat conservation in the United States. The waste of meat stuffs is a deplorable one, officials state, and the meat packers agreed with them.

J. Ogden Armour, in a recent statement, proposed that there be established a meatless day in each week. He renewed his suggestions to Mr. Houston. All of the suggestions made will be incorporated into a general plan of conservation.

The Chicago men were unable to speak for the great private packing interests. The Council of National Defense will immediately get in touch with those institutions which abound in New York, Jersey City and other coast and middle western cities.

A formal acceptance of the tender from Chicago is expected after Secretary Houston reports to the Council of National Defense.

In the meantime the Chicago men promised to go ahead and work out the scheme they have in mind for the most economical and efficient method of distribution of meat supplies to the greatest advantage, both in the United States and to its allies in Europe.

ROYAL THEATRE

Program for Week Commencing Sunday, April 22d:

Sunday—Emily Stevens in "The Wager."
Monday—"Patria" seventh, "Red Dawn," and selected comedies.
Tuesday—Fannie Ward in "Years of Locust."
Wednesday—Vaudeville and professional tryouts.
Thursday—Cleo Ridgley and Wallace Reid in "The Yellow Pawn."
Friday—"Purple Mask," "Secret Adventure," "Sheriff's Blunder."
Saturday—Wilfred Lucas in "The Rummy." Fred Mace in "His Last Scent," two-part Keystone.

BOXING CONTEST

Stanley Trimble won all the way from Joe Rose in the main event Thursday night before the South City Athletic Club. It was a fast and clean fight throughout.

In the special event "Kid" Perkins of San Mateo was too much for Jimmy Kelson, the referee stopping the fight in the second round to save Kelson from a knockout.

"Smiley" Bricker took the decision from Young Joe Thomas in a slow fight.

Al Costa, local boy, took the decision from Charlie Jones in a fast bout. Costa is a clever boy with a good punch and should develop into a good boxer.

Dave Rogers, also a local boy, made his first appearance a success by stopping Jimmy Carey in two rounds.

The judges were Jack Kelley, Fred McNulty and George Haaker.

Tom Brady did the announcing.

DUMBARTON BRIDGE STIRS ENTHUSIASM ON PENINSULA

That good headway is being made in the proposition of having a general highway bridge constructed across the southern end of San Francisco bay was the comment of the members of the executive committee of the Dumbarton State Highway Bridge Association expressed at its weekly meeting just held.

Many of the legal problems confronting the association have been clarified by some of the most prominent lawyers in San Francisco. Engineering information is now being gathered, and in this work the association is being assisted materially by City Engineer M. M. O'Shaughnessy.

It was reported that many of those who were most enthusiastic about the bridge because of the benefit it would be to their interests had so far failed to give the association more than their moral support. It was decided to urge upon these persons the necessity of taking out one or more memberships to maintain the organization in the Monadnock building, San Francisco.

To date the San Francisco, the South San Francisco, the Palo Alto and the Newark Chambers of Commerce have come forward with financial support. An active campaign for individual members is now to be waged and it is expected that keen rivalry will be developed between the various towns in southern Alameda county and on the San Francisco Peninsula as to which can secure the most members for the association. Palo Alto Chamber of Commerce has named a special committee on this work, consisting of W. B. Allen, E. A. Vining and D. A. Mendenhall. It is likely that other chambers of commerce will do likewise.

NEW COUNTY JAIL OPEN FOR PUBLIC INSPECTION

(Continued from Page 1.)

slide so that at any time when the keeper feels disposed he can look at either the visitor or prisoner without having to open the heavy iron door.

VISITOR'S CLOSET.

The insane ward is by far a more comfortable looking room than the reception room for visitors. Covering the walls are heavy pads upon which the insane ones may vent their maniacal desires without danger of injury. As in the "visitor's closet," a small opening is arranged in the door of the insane ward for observation purposes.

A department has been set aside for a hospital ward in which will be the last word in medical needs.

A dumb waiter will be operated between the kitchen and the corridors of the different floors on which the meals will be sent up, thus doing away with any need of the "trusties" having to go up and down stairs with the trays.

I feel sure that there will be a grand scramble to see who will have the honor of being the first to be incarcerated in the new jail. Sheriff Sheehan, out of the goodness of his heart, hopes the jail, notwithstanding its inviting appearance, will always remain vacant.

American Press Pictorial Review of Week

News Snapshots Of the Week

Striking in the vicinity of Arras, British troops in a terrific drive penetrated the new Hindenburg line, taking thousands of prisoners and numerous big guns; the Canadian forces captured Vimy ridge and other points. First photos of the devastation wrought by the retreating Germans in northern France showed a trail of ruin almost unparalleled in history. The entrance of Cuba and Panama in the war was followed by Brazil and Argentina backing our stand. Women are aiding in recruiting in many cities in the United States, and the navy is rapidly reaching its full man strength. Recruiting was active at Billy Sunday's tabernacle in New York. Philadelphia boasts that the new liberty bell in Independence hall has rung out a "world freedom" as the old one rang out America's freedom. Seven billions of dollars have been asked for by Secretary of the Treasury McAdoo for the war.

COUNTY NEWS IN BRIEF

Chronicle of Peninsula Events for Week

BICYCLIST HURT BY AUTO.

Salvador Columbo, an Italian, was knocked from his bicycle by the automobile owned and driven by G. W. Olsen of San Francisco on the highway, near the Five Points, Sunday. He is resting as comfortably as can be expected at a local hospital, where he was removed by Dr. Gregory following the accident.

FODERA LOSES APPEAL.

Antone Fodera, wealthy Italian, whose arrest in Burlingame by Traffic Officer M. F. Brown on the charge of running down two Santa Clara university students with his automobile at Mayfield was brought about by the alertness of Mrs. Francis Carolan of Hillsborough, has lost his final chance to have his sentence to serve five years in San Quentin penitentiary declared void.

MRS. FOWLER SEEKS DIVORCE.

Claiming that she has been treated with extreme cruelty, Mrs. Hazel E. Fowler of San Mateo brought suit in the superior court Tuesday against Albert S. Fowler. The couple were married at San Francisco, October 30, 1909. They have one child, a boy 4 years of age. The wife asks for the custody of the child and for alimony.

HALT MOTOR THEFT CASE.

The preliminary hearing of Martin Ficini of San Francisco, charged with being implicated in the stealing of an electric motor from the ranch of A. Rossala at San Bruno several months ago, was begun in Judge Seely's court Tuesday morning. It was necessary to continue the case for one week, owing to the failure of the owner of the motor to appear and testify.

VETERAN VISITS REDWOOD.

Judge John Pitcher, the veteran justice of the peace of Halfmoon Bay, and grandfather of Miss Gertrude Pitcher, county purchasing agent, was an interested visitor at the court house Tuesday. The judge is close to his ninetieth birthday, but is as hale and hearty as a man of forty.

FORMER REDWOOD MAN DIES.

Anton Schmidt, a resident of Redwood City some years ago, where he was a butcher by trade, passed away in San Francisco Monday. He belonged to Metamora Tribe, No. 24, Improved Order of Red Men, of Redwood City. Schmidt was a native of New York and was 68 years of age. He leaves a widow, Mrs. Emma Schmidt.

OFF FOR EUREKA.

Mrs. George A. Merrill, president of the Redwood City Woman's Club, left Monday for Eureka to attend the fifteenth annual convention of the San Francisco district, California Federation of Women's Clubs, which will convene in that city from Tuesday to Friday of this week. Mrs. Merrill is the chairman of the committee on conservation.

HI BOYS TO RAISE CROPS.

The appeal of Principal W. L. Glascock of the San Mateo union high school for vacant lots which the boys of the school could cultivate to aid in the work of establishing an enormous food supply in this country during the present crisis, won instant response. More lots were signed up than the school boys will be able to plant. More than seven acres total the area of lot space offered to the school boys.

FORMING HOME GUARD.

The formation of a company of home guards for the city of San Mateo was launched at a meeting of the San Mateo Chamber of Commerce, Charles N. Kirkbride, city attorney of San Mateo, and a captain in the Coast Artillery Corps of California, introduced the plan, and expressed his willingness to support and assist in the organization of such a company.

MENLO WOMAN FINED \$150.

Mrs. Marie Chippiani appeared in Justice of the Peace George Seely's court and paid the \$150 fine that was imposed upon her last December for conducting a "blind pig" at Menlo Park. She was found guilty in Judge Seely's court by a jury of twelve women, all residents of Redwood Highlands.

Mrs. Chippiani's attorney made a motion in the superior court for a new trial, but this was denied by Judge Buck.

LAD FRACTURES TOE.

John O'Brien, 14 years of age, was playing crack-the-whip at the Central grammar school grounds in San Mateo Sunday afternoon, and during one of the "cracks" he tripped and broke one of his toes. He was given treatment at the Red Cross Hospital.

SAN MATEO CHIEF DIES.

Chief of Police Aldon Augusta McComb of San Mateo died Tuesday from pneumonia. The suddenness of his death was a shock. He was 45 years of age and a native of Humboldt county. He is survived by a widow, Rosetta McComb, and three daughters.

NEW GIRL AERO STUDENT.

Miss Hope Kervin of San Francisco has joined the Christofferson school of aviation and will start in her course of instruction as soon as the machines, which are undergoing remodeling and rebuilding, are complete.

ILL WITH SCARLET FEVER.

Douglas Throwell, 12-year-old son of Stephen Throwell, sanitary inspector of San Mateo and Burlingame, is ill at the family home at Lomita Park with scarlet fever.

SPECIAL INDUCEMENTS ENGINEERS' RESERVE

Skilled Mechanics Offered Exceptional Opportunities—Employers Asked to Display This Notice.

A request has been made of the employers of all kinds of skilled mechanics to call the attention of their men to the following mention of the Engineers' Reserve Corps, now being recruited to full strength in the various cities about the bay district:

"All journeymen and master mechanics will receive special inducements in enlisting in the Engineers' Reserve Corps and will be graded according to their mechanical ability and experience. Pay in the service ranges from \$15 to \$75 per month, including all sustenance, equipment, transportation and medical treatment. Special attention is called to the fact that the age limit in this branch of the service has been raised from 35 years to 45 years. Enlistment is for four years, but in time of peace members will be required to give only fifteen days in each year to active service or encampment."

This branch of the service is exceedingly short of men and therefore offers exceptional inducements to skilled mechanics in the following trades and professions: Surveyors, draughtsmen, photographers, lithographers, blueprint men, masons, quarrymen, miners, bridge and other carpenters, blacksmiths, plumbers and pipefitters, electricians, machinists, enginemen and firemen, calkers, riggers, boatmen, teamsters, packers, saddlers, horseshoers, cooks and clerks. Any one interested should communicate with Captain Parks, Engineers' Officers, 204 Pine street, corner of Battery, San Francisco, or Lieutenant E. L. Norberg, architect, Bank building, Burlingame.

NOTICE — EMPLOYERS PLEASE POST IN A CONSPICUOUS PLACE IN YOUR SHOP OR FACTORY.

Admiral Henry T. Mayo, Commanding Atlantic Fleet.

United States Battleship Connecticut

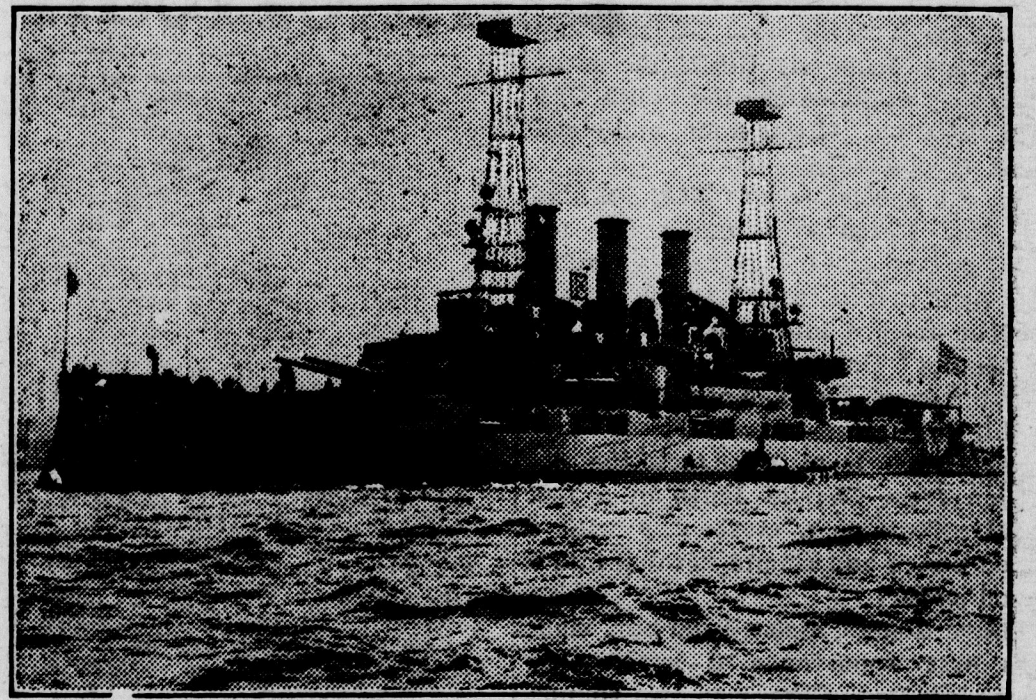

Photo by American Press Association.

The 16,000 ton Connecticut was laid down in 1903 and cost \$7,811,174. She has four twelve-inch and eight eight-inch guns and can make a speed of 18.8 knots. Her crew comprises 856 officers and men.

TWO FRANK L. EKSWARD MEASURES PASS ASSEMBLY

Assembly bills 606 and 1424, framed and introduced by Frank L. Eksward, San Mateo county's representative, have passed the lower house at Sacramento.

The former bill amends section 3818 of the political code, which relates to the redemption of land from tax sale. The amendment provides that where a piece of land has been sold for delinquent taxes to the state, and the state has not disposed of the same, a partial redemption may be made, separately from the whole assessment, of any part of the land.

Bill 1424 provides for the formation, government and operation of local health districts in any part of the state, and the appointment and compensation of local district health officers.

Fill In Picture Puzzle No. 9

THE seal you drew in No. 8 did make you think of cold weather, didn't it? Sealskin is very valuable. If you don't believe it, ask mamma. The oil of seals also is valuable. There are not many more seals. They are fast dying out. Now, try your pencil on this picture, starting from No. 1 to 2, 3, 4, etc. You'll draw another animal almost extinct. A big city in northwestern New York is named after him. Thousands of these animals used to roam the plains of the United States.

SAN MATEO COUNTY IS ASKED TO LIST ITS HORSES

UNCLE SAM WANTS TO KNOW HOW MANY CAVALRY STEEDS ARE AVAILABLE HERE.

San Mateo county has been called upon to furnish horses for the cavalry of the United States. Communications have been sent to each supervisor from the University of California farm at Davis, asking him for the information as to the approximate number of available and desirable horses in his district. The following is the communication received by Thomas L. Hickey, supervisor of this district:

Thomas L. Hickey, South San Francisco, Cal.—Dear Sir: The University of California has made an order to the United States War Department which contemplates the organization of a cavalry unit of from 300 to 1200 head of horses. The university is, therefore, investigating the remount problem and is very desirous of locating all the available horses suitable for cavalry purposes.

The specifications for cavalry horses are essentially as follows:

The cavalry horse must be sound, well bred, of a superior class and have quality; a gelding of uniform and hardy color, in good condition; from four to eight years old, weighing from 950 to 1100 pounds, depending on height, which should be from 15 to 15-3 hands.

I would, therefore, thank you for as early a reply as possible, giving as definite and accurate information as possible as to the approximate number of horses coming within the above specifications that may be available in your district.

Trusting that you will give this matter your very early attention, I am, very sincerely,

R. P. ROYER.

NO DANCING ON SUNDAY WITHOUT PERMIT FROM COUNTY

The board of supervisors passed an ordinance Monday prohibiting Sunday dances in the county, where an admission is charged, either directly or indirectly, unless a permit has first been procured from the board or from the supervisors in whose district the dance is to be conducted. The ordinance, which was prepared by District Attorney Swart, provides that no dances shall be held between the hours of 12 o'clock midnight on Saturday and 12 o'clock midnight on the Sunday following.

Violation of the ordinance is punishable by a fine of not more than \$250 or by imprisonment for a period of not more than ninety days or by both fine and imprisonment.

The purpose of the ordinance is to put a stop to all dances in the county that are not conducted in a decent and respectable manner.

The ordinance, of course, does not have any jurisdiction over dances

FOOD INQUIRY STARTED FOR SAN MATEO COUNTY

An inquiry into food conditions in San Mateo county, the questions delving deeply into the acreage devoted to the raising of grain and food products, was held at the Redwood City Chamber of Commerce rooms Monday morning. Professors Clark, Madson and Nelson of the University of California conducted the hearing. Those summoned to answer the many questions propounded were J. P. Weller, L. P. Behrens, Daniel Flynn, J. J. Shields, Newton Peck and E. T. McGittigan.

The hearing lasted for nearly two hours, during which time it was developed that while San Mateo received a great deal of food from San Francisco, it could under stress of circumstances make itself self-sustaining.

For Sale—A snap; lot on Baden avenue, 37½140 feet. Address P. O. Box 186. Advt.

held in incorporated cities of the county, these being taken care of by the boards of trustees of the respective cities.

Sooner or later you will take insurance. Why not now, when the rate is bedrock? See Thompson at Cunningham's. Advt.

Mr. Lot Owner:

We will loan you the money to improve your lot with an attractive business building or dwelling.
